

# MAZAFATI DATES

## MAZAFATI DATES

The largest volume of date export in Iran is related to Bam Mazafati dates. This fruit is mainly produced and packaged in Bam Kerman. Depending on the time of harvest it ranges from 1 to 2 percent. In the Bam region, about 2 to 3,000 Tones of Mazafati dates are produced annually, part of which is exported to exporters and companies for export purposes.
